

Directions to Lapwing Lodge Base Camp (Peesweep)

For your sat-nav:

Lapwing Lodge has postcode PA2 8UL

Directions:

The new M74 Glasgow southern bypass is open, which allows drivers coming from England to get to the M8 motorway west of Glasgow in a much shorter time.

Instead of leaving the M74 at junction 4 as you used to do, instead remain on the M74 until it joins the M8 at junction 20 of the M8. (Follow the yellow arrows in the map below).

Note: your satnav may not know about the new stretch of motorway if you haven't updated it in the last few years.

Then continue westbound on the M8 for another 7 ½ miles, and leave the M8 at junction 29, taking the exit signed 'Paisley A726':

Then at the next roundabout turn left onto the A726 Greenock road:

Greenock road will bear right into Caledonia street (still the A726)

At the end of Caledonia street turn right onto Underwood road (the B7050):

You will then pass under a railway bridge.

Continue along Underwood road (the B7050) until reaching a roundabout. Take the 2nd exit:

You are now still on the B7050.

Continue on this road and pass straight through two sets of traffic lights. You are now on Maxwellton street (the B775).

At the next set of traffic lights, turn left onto Corsebar road (still the B775):

Follow Corsebar road, which runs into Moredun road, for a mile. You will pass the RAH hospital which is on your left.

At the end of Moredun road, turn right onto Gleniffer road (still the B775), the signpost reads 'Lugton B775 Irvine (A726)':

Follow the B775 for 1 ½ miles, up a steep hill and into the countryside. Once you've crested the top of the hill, continue for another mile.

Once you pass straight through this junction:

Slow down, as Lapwing lodge is a hundred yards on the right.
